**CHESHIRE, CONNECTICUT** The Lane Construction Corporation, a U.S. subsidiary of the Salini Impregilo Group, won a design-build contract in Virginia, valued at \$336 million.

The 395 Express Lanes Extension project consists of an eight-mile extension of the 95 Express Lanes from Edsall Road in Fairfax County to Eads Street in Arlington County. The new construction will extend the 95 Express Lanes to the Washington D.C. line and is expected to significantly reduce congestion along the I-395 corridor.

Preliminary work is expected to begin in March 2017.

was part of a joint-venture team that constructed 29 miles of the 95 Express Lanes from Alexandria to Stafford, and a 14-mile stretch of the 495 Express Lanes from the Springfield Interchange to just north of the Dulles Toll Road. Notable ongoing projects for which Lane is a member of the construction joint venture team include the \$2.3 billion I-4 Ultimate in Orlando, Florida; the \$2 billion Purple Line transit system in Maryland; and the \$1 billion IH-35E Managed Lanes project in Texas.

## **About The Lane Construction Corporation**

Founded in 1890, The Lane Construction Corporation is a leading U.S. construction company specializing in heavy civil construction services and products in the transportation, infrastructure and energy industries. The company has a unique combination of capabilities including public-private partnerships/innovative financing and joint ventures; large, complex design-build and bid-build projects; as well as the ability to produce and install asphalt, aggregates and concrete. Lane's focus on safety and emphasis on safety and quality control combined with its expertise in engineering, procurement and construction project management produce high-quality results. Lane is owned by global construction leader, Salini Impregilo. Learn more at [www.laneconstruct.com](http://www.laneconstruct.com).
